How to Use the Virtual Art Gallery

Our virtual art gallery is being hosted in Artsteps. Artsteps is web-based environment that allows its members to create virtual art galleries in lifelike 3D spaces. You can also use artsteps' app on iOS and Android, along with Google cardboard to experience the galleries in 3D.

- To get to the Library's virtual gallery go to our homepage: poblib.org
- Then click on the orange "POB Virtual Art Gallery" button.
- This will bring you to a listing of all of our galleries.
- To load the one you need, look at the names of the different galleries and then click on the square of the one you want.
- It might take several moments for the gallery to fully load.
- You can navigate with your mouse, by clicking where you want to go. This experience is like using Google street view.
    - To can also navigate into an exhibition use your keyboard arrow keys (up, right, down and left) or keyboards letters (Q,W,E,A,S,D).
- At the bottom left side of the window you can see the exhibition's map and your position in it.
- You may interact with any exhibit by clicking on it in order to view its title and description as given by the creator of the exhibition.
